

FOREWORD

These were like a breath of fresh air that rejuvenated us after the lull of COVID-19 over the last two years. Towards bringing in a collaborative and a multi-disciplinary approach to Progress of quarterly Report (PQR). All stakeholders (parents, teaching staff, and coordinators) were included in the review process conducted in April.

WHAT'S IN THIS MONTH'S ISSUE:

- DELC Meeting at Chennai
- Gajan Gowtham achievement
- Tribal training at Kodaikanal
- Sirumalai Falls visit
- Early Intervention on Wheels
- District Level Sports meet at Dindigul and Theni.
- Annual exam
- BOSE Practical exams

Due to COVID-19, we did have to redesign our delivery mechanisms and rise up to the challenge. I must admit that the entire team rose up to the occasion and ensured minimum disruption to the schedule and learning. All this would not have been possible without the continued rock-solid support of our donors, well-wishers and the larger community of ARVI.

Looking forward to the next academic year....onwards and upwards as always!!

WE NOTICED THREE MAJOR CHANGES IN NEED

- Special education and Therapy services at door steps
 - Inclusive education,
- Livelihood through Agriculture and vocational training,
 - Rehabilitation services.

CURRENT COMMITMENT AREAS OF ARVI:

- Early Intervention Center for Hearing Impaired, Intellectual Disabled & Autism.
- Special School for Intellectual Disabled & Autism
- Special Education on Wheels (Special Education & Therapy services @ door steps)

MR.A.RAMACHANDRAN
CHIEF FUNCTIONARY,
ARVI TRUST.

SKILL UNIT PARENTS TEACHERS ONE TO ONE MEETING

From March 9-14 before school annual exams, we conducted the one to one Parents Teachers Meeting. These meetings are held at the end of every term and our first in-person meeting. From this meeting, we are providing regular feedback to parents about their wards; this is an important aspect of maximizing student learning and performance. A detailed Performance Review Report (PRR) is prepared for each student and this then serves as the basis for the discussions with the parents.

WORLD AUTISM DAY

World Autism Day On 2nd April 2022, we participated in the World Autism Day Event anchored by GTN College volunteers. The idea was to create awareness among the people regarding compassion for and inclusion of people with special needs into our society so that they can lead a dignified and rewarding life. They then proceeded to interact with students from GTN College and Arvi Special School. The event was a new one for us and our students to interact with college students. This brought joy and cheer to everyone who was a part of it. The students laughed, sang and played together and just could not get enough of it. At the end of it they were all so happy, and looked so pretty.

AWARNESS FOR TRIBALS ON PWDS

We are pleased to announce that all the benefits provided by the Government and Private Institutions to the alternatively abled to improve their livelihood in the hilly area of Thamaraikulam in Kodaikanal Circle Village, Dindigul District and their higher education were made clear till evening. We also saw that the scheme would be a success only if the people were able to get any government assistance and go directly to their homes.

STRATEGY PLAN MEETING

The programme started with the introduction about the Strategy plan for the next three years and was followed by a PPT presentation of Strategy plan report. This immediately received a good response from the staff and we made it valued points raised from staff.
